

# BRISBANE TREE EXPERTS

*"We care about your trees living"*

# Excellence without compromise

The word 'excellence' isn't often associated with the words 'tree maintenance', but at Brisbane Tree Experts, excellence is all we think about.

As a family-owned business for over 30 years we are constantly striving for greater excellence in everything we do. We do this by: attending industry conferences, purchasing leading-edge equipment, adhering to stringent safety standards, becoming more socially responsible, and simply by being punctual and friendly.

As a result we have been the leaders in tree maintenance for over three decades, 'growing' each year by delivering both excellent tree care services and outstanding customer service.

If you require ongoing tree maintenance we will be more than happy to provide you with a complimentary, obligation-free quote.

*Glenn Walton*  
Director/Owner

We have utilised Brisbane Tree Experts for a number of years now and they have always proven to have a very high level of knowledge and expertise, whilst providing a very prompt, friendly, courteous, professional and great value for money service. The staff always take great care with surrounding garden areas, making certain that areas are clean after work has been carried out and have always strictly adhered to safety protocols.

**JODIE CUNNINGHAM**, Senior Gardener, Greenslopes Private Hospital, Brisbane

I planted my tree some 25 years ago now, so it was with great regret that I had to have it removed. It was like losing a close friend. All of your team were excellent, and while I was watching the process, I felt much better about the loss. The degree of skill was very entertaining, in fact an absolute marvel to watch. Thank you again

**G. YOUNG**, Annerley

## The services we offer:

- **Obligation-free estimates**
- **Tree removal**
- **Tree maintenance/surgery**
- **Tree reports**
- **Emergency storm damage work**
- **Difficult access specialists**

## The benefits of regular tree maintenance

### Saves you thousands of dollars

Regular tree maintenance literally 'nips' costly work 'in the bud'. As with most maintenance work, prevention is always better (and cheaper) than the cure.

### Prevents Serious Injury

Vegetation changes every single day, whether through normal growth or through external forces such as storms or building development. A simple, precariously-hanging branch can cause serious injury or even death. Such serious risks can be greatly minimised through regular maintenance.

### Minimises the risk of costly law suits

Through regular tree maintenance the risk of damage to people and property is greatly reduced, which also reduces your risk of being slapped with a costly law suit.

### Increases positive financial outcomes

The upkeep of your grounds reflects the professionalism of your development, organisation, school or business. This in turn leads to positive financial outcomes through such things as increased property value, increased enrolments, an increase in customers and so on. Perception really is everything.

*"We care about your trees living"*

# Why we are different?

## Safety is a priority and we are fully insured.

Safety to people and property is our priority. We are fully insured and proudly claim-free; jobs go well when we do them!

## An excellent track record for over 30 years.

We're a family-owned company who have been in business for over 30 years, and trusted by thousands of people from many different industries.

## Qualified and skilled arborists

We are not 'tree loppers', but trained and experienced arborists who are qualified members of the Queensland Arboricultural Association (Q.A.A.).

## Competitive pricing, not cheap work.

Given that we invest in highly qualified staff as well as cutting-edge equipment, we offer excellent value for money. The price of a job gone wrong can cost you thousands. That's why we get the job done right the first time.

## Socially responsible.

Our socially responsible initiatives include: paperless quotes, 100% vegetation recycling, wildlife relocation programs, supporting tree plantation programs, adhering strictly to the Australian and International Pruning Standards and more.

## Superior Customer Service.

We are a team of excellent communicators who treat you and your property with respect at all times. We are friendly, punctual and take great pride in our work.

## Easy payment methods.

We accept all credit cards, debit cards, eftpos and PayPal. Also, if you pay upfront, you receive a 5% discount on the total tree care service.
